## PROFILE SUMMARY

Engineering graduate with a strong foundation in **Python development and web technologies**, passionate about building efficient and user-friendly applications. Experienced in developing dynamic web pages that showcase analytical thinking and creativity. Skilled in data handling and preparation using Excel to support data-driven development, with a basic understanding of front-end technologies. Eager to learn, adapt, and contribute innovative solutions in a collaborative environment.

## SKILLS

**Technical Skills:** Python | Django | MySQL | HTML

**Interpersonal Skills:** Adaptability | Team collaboration | Analytical Thinking | Attention to detail

## INTERSHIP EXPERIENCE

**Shiash info solutions private limited** – Chennai

June 2023 - August 2023

Completed an internship gaining hands-on experience in Python development and web application building using Django. Worked on a project involving dynamic and user-friendly web interfaces, backend development, database management, and deployment.

## PROFESSIONAL EXPERIENCE

Customer Support Associate

Reliance retail private limited – Chennai

January 2024 - February 2025

Assisted customers with billing and service-related queries while ensuring smooth store operations. Worked on updating daily sales reports and stock records. Developed strong communication, teamwork, and problem-solving skills in a fast-paced retail environment.

## PROJECT

### E-COMMERCE WEB APPLICATION USING DJANGO

Skill Used: Python, CSS, Html, Bootstrap Basic.

#### Project Description:

The project will be limited to some functions of the e-commerce website. It will display products, and customers can select catalogs and select products and can remove products from their cart specifying the quantity of each item. Selected items will be collected in a cart. At checkout, the item on the card will be presented as an order. Customers can pay for the items in the cart to complete an order. This project has a great future scope. It also provides security with the use of login id and passwords, so that no unauthorized users can access your account. The only authorized person who has the appropriate access authority can access the software.

## EDUCATION

### ANNA UNIVERSITY

Bachelor's Degree in Electrical and Electronics Engineering

June 2020 - May 2023

## COURSE

I have completed a **Python** Certification Course at Softlogic Systems, Chennai.
